Professional Summary

Software Developer with 3+ years of hands-on experience building and maintaining scalable Java-based applications. Strong background in developing RESTful APIs, implementing CI/CD pipelines, and delivering enterprise-grade software in Agile environments. Skilled in Spring Boot, Jenkins, GitHub Actions, and PostgreSQL. Proven ability to collaborate across teams and contribute to all phases of the software development lifecycle.

Technical Skills

Languages & Frameworks: Java, Spring Boot, JavaScript, Angular, Node.js, HTML, CSS, SQL

Tools & Platforms: Jenkins, GitHub Actions, Git, IntelliJ, VS Code, Postman, Jira

Databases: Redis, Oracle, PostgreSQL

Other: Agile/Scrum, REST APIs, CI/CD, JPA, Maven, Gradle, Adobe XD

Professional Experience

- FedEx – Software Developer

May 2022 – Present | Chandler, AZ

- Developed and maintained RESTful APIs with Java and Spring Boot to support logistics and tracking systems.
- Maintained and enhanced several microservices, ensuring stability, scalability, and optimal performance.
- Used Redis Streams to send and consume data between distributed microservices.
- Implemented CI/CD pipelines using Jenkins and GitHub Actions to streamline deployment.
- Participated in Agile Scrum ceremonies and collaborated with cross-functional teams to ensure timely delivery.
- Conducted code reviews, testing, and documentation to ensure high software quality.
- Cook Systems – FastTrack Developer

Jan 2022 – Apr 2022 | Memphis, TN

- Built RESTful services for a mock Twitter API using Java, Spring Boot, and PostgreSQL.
- Developed a Spotify-based game using JavaScript to enhance user interactivity.

- Collaborated on both front-end and back-end tasks, using Git for version control and Postman for testing.
- Fenoto Technologies Inc – Student Software Developer

Jan 2020 – Apr 2021 | Tempe, AZ

- Designed and implemented an Android app and Chrome extension to interface with e-paper tablets.
- Created wireframes and revamped UI/UX for their web platform to improve usability and efficiency.
- Added new features to enhance user experience and streamlined tablet-software interactions.

Education

Arizona State University Polytechnic – Mesa, AZ

Bachelor of Science in Software Engineering • Aug 2017 – May 2021
